ATEG

The NCTE Assembly for the Teaching of English Grammar aims to improve the teaching of grammar at all levels, from elementary school through college; to promote communication and cooperation among teachers, researchers, administrators, and others interested in the teaching of grammar; to provide an open forum in which advocates of all grammar theories, representing the broad spectrum of views of grammar and its teaching, can interact. Through its listserv, its conference, and its journal, Syntax in the Schools, ATEG offers educators information about grammar and suggestions for better ways to teach it. (For more information, visit ATEG’s Web site at www.ateg.org.)
