PERSPECTIVES ON WRITING

Series Editors: Rich Rice and J. Michael Rifenburg

Consulting Editor: Susan H. McLeod

Associate Editors: Johanna Phelps, Jonathan M. Marine, and Qingyang Sun

The Perspectives on Writing series addresses writing studies in a broad sense. Consistent with the wide ranging approaches characteristic of teaching and scholarship in writing across the curriculum, the series presents works that take divergent perspectives on working as a writer, teaching writing, administering writing programs, and studying writing in its various forms.

The WAC Clearinghouse and University Press of Colorado are collaborating so that these books will be widely available through free digital distribution and low-cost print editions. The publishers and the series editors are committed to the principle that knowledge should freely circulate and have embraced the use of technology to support open access to scholarly work.
