Foundations and Innovations in Technical  
and Professional Communication

# USER EXPERIENCE AS INNOVATIVE ACADEMIC PRACTICE

# Foundations and Innovations in Technical and Professional Communication

Series Editor: Lisa Melonçon

Series Associate Editors: Kristin Marie Bivens and Sherena Huntsman

The Foundations and Innovations in Technical and Professional Communication series publishes work that is necessary as a base for the field of technical and professional communication (TPC), addresses areas of central importance within the field, and engages with innovative ideas and approaches to TPC. The series focuses on presenting the intersection of theory and application/practice within TPC and is intended to include both monographs and co-authored works, edited collections, digitally enhanced work, and innovative works that may not fit traditional formats (such as works that are longer than a journal article but shorter than a book).

The WAC Clearinghouse and University Press of Colorado are collaborating so that these books will be widely available through free digital distribution and low-cost print editions. The publishers and the series editors are committed to the principle that knowledge should freely circulate and have embraced the use of technology to support open access to scholarly work.

## Other Books in the Series

Joanna Schreiber and Lisa Melonçon (Eds.), *Assembling Critical Components: A Framework for Sustaining Technical and Professional Communication* (2022)

Michael J. Klein (Ed.), *Effective Teaching of Technical Communication: Theory, Practice, and Application* (2021).

The WAC Clearinghouse supports teachers of writing across the disciplines. Hosted by Colorado State University, it brings together scholarly journals and book series as well as resources for teachers who use writing in their courses. This book is available in digital formats for free download at [wac.colostate.edu](http://wac.colostate.edu).

Founded in 1965, the University Press of Colorado is a nonprofit cooperative publishing enterprise supported, in part, by Adams State University, Colorado State University, Fort Lewis College, Metropolitan State University of Denver, University of Alaska Fairbanks, University of Colorado, University of Denver, University of Northern Colorado, University of Wyoming, Utah State University, and Western Colorado University. For more information, visit [upcolorado.com](http://upcolorado.com).
