## PRACTICE AND PEDAGOGY

Series Editor: Mike Palmquist

The Practice & Pedagogy series addresses the teaching, learning, and practice of writing in all its forms. From Joseph Williams' reflections on introductions to Richard E. Young's taxonomy of "small genres" to Adam Mackie's considerations of technology, the books in this occasional series explore issues and ideas of interest to writers and teachers of writing.

The WAC Clearinghouse, Colorado State University Open Press, and University Press of Colorado are collaborating so that these books will be widely available through free digital distribution and low-cost print editions. The publishers and the Series editor are committed to the principle that knowledge should freely circulate. We see the opportunities that new technologies have for further democratizing knowledge. And we see that to share the power of writing is to share the means for all to articulate their needs, interest, and learning into the great experiment of literacy.
