

Post-Workshop Survey Questions

virginiatech.qualtrics.com

Year

Field

Did you present a paper at the GSA Research Symposium?

Why did you choose to come to the *Lunch and Learn: Turn Your Presentations into an Article Workshop*?

Did your expectations match your experience? Why/why not?

What practical “tools” can you take with you to transform future presentations into articles?

We plan to offer this workshop again at the end of the semester for a general graduate student population. What can we do to improve the workshop?

Please offer any additional comments or feedback.

Thank you for your participation and time!
